

Delivering Cordial and Heartwarming Care to Every Patient

Hokkaido Social Service Association (*Kyokai* in Japanese) Toya Hospital or otherwise affectionately known for a long time as Toya Kyokai Hospital by the local community was established in 1930, and is now a public hospital in Japan.

The hospital is part of Hokkaido Social Service Association, including 6 other members in Hakodate, Otaru, Yoichi, Iwanai, Obihiro and Furano.

With its newly constructed facility built in 2003, the hospital strives to dedicate its professional experiences in improving the health and welfare of the community.

Director M.D., Ph.D. Shigeru Aoki
